AND THESE SIGNS SHALL FOLLOW THEM THAT BELIEVE;  
THEY SHALL LAY HANDS ON THE SICK  
AND THEY SHALL RECOVER."

# SUSTAINED BY THE SUPREME COURT OF THE UNITED STATES.

The Weltmer Method of Magnetic Healing, to Whom Thousands upon Thousands of People Give Unstinted Praise, is Pronounced Legal by the Highest Tribunal in the Land.

No Other System of Healing Has Ever Undergone Such a Crucial Test Since Time Began and the Great Victory Achieved for Weltmerism Places it in the Front Ranks of the Greatest Discoveries of this or any other Age.

Weltmerism Bears the Endorsement of U. S. Senators, the Press of the Country, Physicians of all Schools, Ministers of the Gospel and Men and Women in Every Walk of Life.

About two years ago, because of the wonderful reputation he had achieved in curing thousands of the sick and afflicted through his method of healing called Weltmerism, in which neither medicine nor the surgeon's knife was used. Prof. Weltmer and his method of healing was attacked by the so-called "regular school" of physicians and others in sympathy with them, and every means was resorted to to injure his business. They attempted to influence legislation in having bills passed in some states against the practice of magnetic healing; in other words they wanted a monopoly of the healing business and desired to force everybody to take medicine whether they wanted to or not, or whether it would cure them or not. In addition to this they attempted, as a last resort to have magnetic healing declared an illegal business and that anyone practicing it should not be entitled to the use of the mails.

This was indeed a serious matter inasmuch as the very liberty and the individual rights of every citizen was attacked. America is a free country, our forefathers fought for and established this liberty more than one hundred years ago, and under our constitution, liberty of action and freedom of thought is guaranteed to each and every citizen of this great nation, be he rich or poor.

Prof. Weltmer knew that his method of healing was correct because it had stood the test in thousands upon thousands of cases where people afflicted with every disease known to man had been cured and he was willing that the searchlight of investigation should be turned upon it. He knew that the more it was investigated the more firmly it would become established as a method of cure. He had devoted more than twenty years of his life to its study and perfection, and he was willing to have it

put to the severest tests, and stand by the results.

Prof. Weltmer and his associates immediately appealed to the Supreme Court of the United States at Washington for relief against this unwonted persecution by his enemies and the enemies of the advancement of science, and the decision of this court was handed down on November 17th by Mr. Justice Peckham. No decision rendered in the past fifty years has created such a profound interest to the people of America, inasmuch as it defines the rights of the individual and shows that nothing can interfere with his personal liberty. It means that no man nor set of men can say that the people of this country can be forced to take medical treatment, but that they have the God-given liberty of using their own judgment in such matters.

Space forbids giving in full the decision of the court, but Mr. Justice Peckham, in ren-

dering the decision says:

"There can be no doubt that the influence of the mind upon the physical condition of the body is very powerful, and that a hopeful mental state goes far in many cases, not only to alleviate, but even to aid largely in the cure of an illness from which the body may suffer. \* \* \* Just exactly to what extent the mental conditions affect the body, no one can accurately and definitely say. One person may believe it of far greater efficacy than another, but surely it cannot be said that it is a fraud for one person to contend that the mind has an effect upon the body and its physical condition greater than even a vast majority of intelligent people might be willing to admit or believe. Because the complainant (Prof. Weltmer and associates) might or did claim to be able to affect cures by reason of working upon and affecting the mental powers of the individual, and directing them towards the accomplishment of a cure of the disease under which he might be suffering, who can say that it is a fraud or a false pretense or promise within the meaning of these statutes? How can anyone lay down the limit and say beyond that there is fraud and false pretense? The claim of the ability to cure may be vastly greater than most men would be ready to admit. \* \* \* We therefore have undisputed and admitted facts, which show upon what basis the treatment by complainants rests, and what is the nature and character of their business. From these admitted facts it is obvious that complainants in conducting their business, so far as this record shows, do not violate the laws of Congress.

"In our view of the statutes the complainants had the legal right under the general acts of Congress relating to the mails to have their letters delivered at the post office as directed. They had violated no law which Congress had passed. \* \* \* They allege, and it is not difficult to see that the allegation is true, that, if such action be persisted in, these complainants will be entirely cut off, from all mail facilities, and their business will necessarily be greatly injured if not wholly destroyed, such business being, so far as the laws of Congress are concerned, legitimate and lawful."

## What the Newspapers Say.

The decision of the United States Supreme Court is a vindication of the right of men to teach that which they believe to be demonstrably true even if it should differ from the accepted theories which are self-styled as "regular" and which have a reprehensible tendency to entrench themselves behind legal breastworks from which they are always ready to fire on anyone who in any way interferes with what they would like to make their exclusive legal prerogatives. Prof. Weltmer has encroached on these ancient privileges in an extraordinary degree. His school of healing has had a success which is the best answer that can be given to the allegation of fraud, now legally decided in his favor. The people have rights which extend to the taking of drugs in regulation doses, and may go to the extreme of refusing to be drugged in any doses large or small if they so elect. The ruling of the court secures them in this right, and therefore is of the greatest importance to them. Prof. Weltmer is to be congratulated on the fight he has made and won.—Chicago Commercial Chronicle.

The decision of the U. S. Supreme Court in the matter of the School of Magnetic Healing, at Nevada, Mo., constitutes a merited rebuff to the third assistant postmaster general. This functionary has assumed a postal dictatorship over the morals and the religious, economic and sociological beliefs of the American people. It was time that he should be brought up with a round turn.—Chicago Chronicle.

What seems to be a perfectly logical decision of the Supreme Court of the United States has been handed down in the case of Prof. Weltmer. If Prof. Weltmer wants to run a school of Magnetic Healing he is within his rights. No one can deny that the mind has a certain influence over the body or that the mind of one person has a certain influence over the mind of another.—Chicago Tribune.

Mind cured legalized. The Supreme Court this week took the position that it is not a fraud to assert that disease can be remedied by means of mind treatment. Many do not believe in vaccination; many do not believe in homeopathic medicine, etc. but this does not justify the suppression of such things.—Washington (D. C.) Pathfinder.

Many people do not believe in vaccination and in homeopathy, but is vaccination to be prohibited on this account, and may homeopathic physicians be proceeded against under the laws? The highest court in the land says not.—Boston Herald.

## CATARRH, DEAFNESS AND HEAD NOISES.

Miss Emma Boehme, of Belleville, Illinois, is Completely Cured of These Terrible Ailments by Prof. Weltmer's Absent Treatment, After Trying Medicine in Vain.

Belleville, Ill., June 25th, 1902.

Prof. S. A. Weltmer, Nevada, Mo.

Dear Sir:—For five years I have been troubled with catarrh in my head, and had h pains in my head I did not know what to do. For about two years I have used a lotion for my ears, also a catarrh remedy and ear drums, which helped me a little but the improvement was not permanent. Later I saw an advertisement about your method of magnetic healing, and made up my mind to try it at once, and began using your Absent Treatment one month ago. I am now cured. I was deaf in my left ear and had noises in my right ear, also had running abscesses in both ears. All of these troubles are now cured and there is no pain in my head any more.

I advise everyone who fails to get relief through medical treatment to try the Weltmer method of healing. Yours truly,

MISS EMMA BOEHME,

1111 West A street.

Mr. W. E. Thompson of Rhinelander, Wis., had rheumatism, nervous headache and stomach troubles the result of over-indulgence of several kinds. He took Absent treatment three months and was fully restored to health.

# PERSONAL TREATMENT.

In order to receive what is termed by us as "Personal" or "Office" treatment, it is necessary for the patient to come to our infirmary at Nevada, Mo. In many cases a cure can be brought about much quicker by the Personal method than by Absent treatment as it is sometimes difficult to get patients at a distance to follow our directions. We advise all who can spare the time and expense come here for Personal Treatment. The price for Personal treatment is \$5.00 per week (six treatments), and you will not be required to remain here any longer than it is absolutely necessary to bring about a

cure. We are constantly busy, frequently will call for you next morning. Nevada is having several hundred patients here, and we have no object in requiring anyone to remain longer than necessary. While many of our most remarkable cures have been brought about within a week or ten days, in some case it takes much longer to effect a permanent cure. Usually we can tell in a few days about how long it will take to effect a cure.

We have a uniformed attendant meet all incoming trains at Union Station, who will inform you how to reach our infirmary. If you arrive on a night train, he will direct you to a first-class hotel, and our carriage

will call for you next morning. Nevada is reached by the Missouri Pacific and Missouri, Kansas & Texas railroads, and is 270 miles west of St. Louis and 100 miles south of Kansas City. Information regarding how to reach this city will be cheerfully furnished by any railroad office in the United States. Board in private houses can be had here at \$4.00 to \$5.00 and \$6.00 per week. Board in any first-class hotels will be furnished at \$7.50 to \$10.50 per week. Board and rooms will be reserved for you on short notice. Patients intending to come here should notify us a day or two in advance, if possible.

## CURED FOUR YEARS AGO.

Mr. E. Siple, a Well Known Resident of Vernon County, Mo., Was Cured of Gall Stones in March, 1898, and Still Remains a Well Man—He Says Over His Own Signature That He Has Never Had a Return of His Disease.

Nevada, Mo., Oct. 6th, 1898.

To Whom it May Concern:

I desire to add my testimony to the hundreds of others of this city and vicinity who have found relief at the hands of Prof. Weltmer, Nevada's great healer.

During the month of March, 1898, I had an attack of gall stones, and from that time until June 23rd I had ten to twelve additional attacks, each attack coming on with increased severity. At that time I lived in the country about three miles north of Nevada, and I was taken to Prof. Weltmer's Infirmary to be treated for my trouble. When I arrived at his office I was suffering frightfully, and only those who have suffered with the same complaint can appreciate my condition.

Prof. Weltmer commenced treating me as soon as he could get to me, and within twenty-four hours I was entirely free from pain of any kind, and I have not been troubled since that time with anything of this charac-

ter, and consider my cure a permanent one. I cheerfully recommend this treatment to all who suffer as I did with gall stones.

E. SIPLE.

## FOUR YEARS LATER.

Nevada, Mo., August 28, 1902.

Prof. S. A. Weltmer, Nevada, Mo.

Dear Friend:—You are at perfect liberty to use my testimonial given you four years ago. It holds good up to this date, as I have never been troubled with gall stones since you treated me in June, 1898, and I know my cure was permanent.

## CAN EAT ANYTHING NOW.

Mrs. J. B. Churchill, Wife of One of the Largest Sugar Planters in the South, Comes to the Weltmer Institute and is Cured in Three Weeks—The Best Physicians Failed to Benefit Her.

Lakeland, La., Aug. 14th, 1902.

Prof. S. A. Weltmer, Nevada, Mo.

Dear Sir:—I have had chronic inflammation of the bowels for three years, and had been to the best physicians in the south who could be recommended for treating this trouble. I had to live on the strictest diet of milk and toast, a little broiled bird, steak or something like that. I had not tasted fruit, acid or a sweet without the most violent

suffering. I went to your Nevada Infirmary on July 11th and took five week's treatment, and for the last three weeks have been eating like other people do—anything I have chosen, and nothing has hurt me.

Yours truly,

MRS. J. B. CHURCHILL.

## CURED THREE YEARS AGO.

The Medical Doctors Pronounced Mrs. Gregory's Case Incurable, But the Weltmer Treatment Promptly Restored Her to Health and She Today Feels Better Than for Ten Years

Salt Lake City, Utah, Sept. 21, 1902.

Prof. S. A. Weltmer, Nevada, Mo.

Dear Sir:—I will never be able to express my thanks in words for the great benefit I received while at your institute in Nevada three years ago. The doctors pronounced my case incurable. I left my bed hardly able to walk to go to you for treatment, and I will never cease to thank your kind Professors for the benefits received at their hands. My address at the time of attending your institute was Water Valley, Miss. You may use this letter as you desire for the benefit of other sufferers.

Yours truly,

MARY F. GREGORY,

422 W. 3rd South street.

## A SENATOR'S ENDORSEMENT.

Hon. H. D. Money, the Distinguished United States Senator From Mississippi, Tells What the Weltmer Treatment did for Him.

Nevada, Mo., Nov. 22, 1901.

Prof. S. A. Weltmer, Nevada, Mo.

Dear Sir and Friend:—Having been twice under treatment at your school of Healing I wish to express my appreciation of the courtesy and kindness I have received, also to make this acknowledgment of the inestimable value of the improvement in my physical condition. In my case your theory has been highly effective in practice. I have seen many wonderful cures made by your school, and in my own person experienced all that you have promised. I heartily wish you continued success.

Very truly yours,

H. D. MONEY.

(Senator Money's home is at Carrollton, Miss., when not in Washington.)

## DIABETES MELLITUS.

Mr. James Thomas, Clerk in the Pension Department, Washington, D. C., After Suffering Three Years With a Disease Pronounced Incurable by Medical Doctors, is Remarkably Restored in Two Weeks by the Weltmer Treatment.

Washington, D. C., Oct. 5th, 1902.

To Whom It May Concern:

I had been ailing and under medical treatment since February three years ago. I received no benefits from the treatment I was undergoing and continued to grow worse until I reached the Weltmer Institute at Nevada, Mo., on the 14th day of September, and for the last month prior to that time had suffered intense agony, which at times was almost unbearable. I cannot express my feelings, the pain was so severe.

I commenced treatment with Prof. Axtell, one of the healers of the Institute, on the 15th of September, but did not see any perceptible relief until I had taken the seventh treatment, when my ailments ceased imme-

diately, the suffering and pain disappearing. I continued my treatment until Oct. 1st, but considered myself a well man a week before that time. I conscientiously report the above to all inquiring after health. My age is sixty nine years. Very respectfully,

JAMES THOMAS.

120 E street, N. W.

## GIVEN UP BY TWO DOCTORS.

Two of the Most Experienced and Successful Medical Doctors of the Great State of Nebraska Told Mrs. Shanney She Was Incurable, But She is Promptly Cured at the Renowned Weltmer Institute.

Nevada, Mo., Sept. 22nd, 1902.

To Whom It May Concern:

Before coming down here I was given up

by two doctors as incurable, who said I had consumption. I also was afflicted with constipation and female weakness, but after five week's treatment at the Weltmer Institute, I am well. I am now feeling fine, never felt better in my life, and wish to thank Prof. Axtell, who treated me while here at the Weltmer Institute, also Prof. Weltmer, the founder of this magnificent method of healing the diseases of suffering humanity.

Very respectfully,

MRS. SARAH SHANNEY,

Broken Bow, Neb.

## A FINANCIAL SUCCESS.

Mrs. Elsie D. Davis, a student, located at Durango, Col. has made a great success with the Weltmer Method. Her income averages

about \$50 a day

# ABSENT TREATMENT.

## One of the Marvelous Phases of Weltmerism.

Thousands of people all over the U. S. and in many foreign countries owe their present good health to Prof. Weltmer's method of "Absent Treatment." He is daily receiving the most flattering reports from patients who have either been cured entirely or who are on the high road to health and happiness. The cures made by this method are in every instance just as lasting as those performed in his Infirmary at Nevada. As the "Absent Treatment" instructions can be written out for the patient to follow, the treatment can successfully be given by mail. There is scarcely a form of disease that our practice has not included; cancer, goitre, consumption, constipation, rheumatism, kidney, bladder and liver troubles, heart diseases, all blood diseases, female diseases of every nature, falling of the womb, milk leg, all private diseases of both men and women, general debility, sexual weakness—in fact, every known curable disease readily gives way to this marvelous Twentieth Century Treatment. By years of practice in this method

of healing, Prof. Weltmer has become a specialist and through his methods is able to effect cures no matter how far distant the patient may be from him. This healing power does not recognize distance at all, and when properly applied cures all diseases, no matter whether the disease may be of the lungs, the throat, the eyes, the ears, the stomach, the kidneys, the bladder, the rheumatic limb, or any part of the body, the healing force goes with unerring certainty and fulfills its mighty mission of mercy. Some will tell you that faith is necessary in order to be healed by this method. Prof. Weltmer cares nothing about your faith in him or in yourself, and if you will follow the simple directions which will be sent to all who apply for this treatment, you will soon have faith and plenty of it. Thought trained in the knowledge of its own power is the most wonderful healing agency known to man.

Terms \$5.00 Per Month.

For "Absent Treatment," we charge \$5 per month, and no case will be taken for less than one month. No cases whatever

are taken on the guaranteed plan and results are not guaranteed in any instance. We charge a nominal fee for our time and services, and every case is given the best efforts at our command. If you decide to take this treatment you should start in with the determination of taking it until a cure is effected, no matter if it takes one month or three months. Many of our most remarkable cures have been made in less than two weeks, yet in some cases it has taken three to six months, but such cases are rare. This treatment is cheaper than medical treatment, and if results have anything to do with it, we believe you will agree with us that this method is far superior to anything and everything.

If you desire to take Absent treatment, write to Prof. Weltmer and state your diseases, how long you have been afflicted, your age and occupation. Also state what hours morning and evening you want to take the treatment, as twenty minutes twice a day should be given to the treatments. Your remittance of \$5.00 in payment for one month's treatment should accompany your letter of application.

### THE WONDER OF THE WORLD.

This is the Expression Given by Mrs. C. E. Haddon, of Tampa, Fla., in Regard to Prof. Weltmer's Absent Treatment.

Mrs. Haddon Was Cured of Bright's Disease and Has a Right to be Thankful.

Tampa, Fla., Nov. 15th, 1902.

Prof. S. A. Weltmer, Nevada, Mo.

My Dear Professor:—I will write you a letter today to tell you how good I feel. Oh, I am feeling young today. I feel stronger and better than for fifteen years. I can now run and catch a street car, can walk as fast as I desire, and can go up stair steps as fast as I wish, and my heart is just as strong

and steady as can be. I do feel so thankful and proud that I am in this condition. This treatment is the greatest wonder of the world and of the age. I tell everybody I meet about your treatment. I come in contact with poor, sickly, pale faced people, and my heart goes out to them and I must tell them of this great wonder. Some of them look at me in astonishment and it seems hard for them to believe that consumption and Bright's disease can be cured, and even crazy people. You will remember you cured my sister (Mrs. White) about three years ago. She had been an invalid for nineteen years and on this account was losing her mind badly and would no doubt have gone insane. She wants me to write her testimonial for you sometime. With a grateful heart and with best wishes to you, I remain,

Very truly yours,

MR. C. E. HADDON.

### CATARRH OF THE STOMACH.

Mrs. F. M. Hall, of Rinaldo, Ky., After Taking all Kinds of Medical Treatment Without Results, Tried the Weltmer Method of Absent Treatment and is Now a Well Woman.

Rinaldo, Ky., June 24, 1902.

Prof. S. A. Weltmer, Nevada, Mo.

Dear Sir:—After taking your Absent Treatment one month, I am cured of catarrh of the stomach. I feel like a new woman, in fact have not felt so well for more than a year. Your treatment has cured me, which is more than medicine could do, as all the medicine I took simply relieved me for a short time.

Hoping you may live long to cure suffering humanity and to teach others to cure, I remain,

Respectfully yours,

MRS. F. M. HALL.

# BOOK DEPARTMENT

## PROF. WELTMER'S BOOKS

Prof. Weltmer's fame as an author is equally pronounced as his being the originator and standard bearer of the method of healing which bears his name. His publications are the ripened fruit of a quarter of a century's investigation and experience. Each of his books treat fully upon some important phase of the empire of human life. None of them are on the theoretical lines, but deal entirely with the practical side of life, and their value to all who are seekers after the knowledge that brings with it success, health and other good things to which all are entitled, cannot be overestimated.

### REGENERATION.

This book deals with the sex question. Tells of the discovery by Prof. Weltmer of a secretion in the human body, a knowledge of how to form which, will regenerate the body and prolong life. The book treats of sexual decline and how to overcome it. No other book has received a greater welcome at the hands of the reading public and its sale has been enormous. It should be in the hands of every man and woman, young and old. Price, revised and enlarged edition, \$1.00.

### SELF-RELIANCE.

This is one of Prof. Weltmer's best books and the demand for it has been large. Prof. Weltmer takes the position that poverty is

a disease and that it can be cured. Every one desires success, but few know how it can be attained. After years of investigation, the author found the key which unlocked for him this store-house of knowledge which has made him one of America's most successful men. This book should be read by every person who has failed to make a success in life and by those who desire to succeed. Clothbound, 120 pages, price \$1.00.

### MYSTERY REVEALED.

This is the text-book of the Weltmer Method of Magnetic Healing, and is used exclusively in all our classes here. In this book Prof. Weltmer strips his discovery of every mystery, and everything is made plain. It is a gold mine of information. This book is given free to our Mail Course and Class Course students who pay the regular price for either course. Cloth, 270 pages, price \$5.00.

### TELEPATHY.

This is Prof. Weltmer's latest book. Several editions have been sold. It deals with the interesting subjects of Thought Transference and Telepathy. No other book yet written gives the information contained in this one. Thousands have endorsed it. It tells all about Absent Treatment. Cloth bound, 200 pages, price \$1.00.

### SUGGESTION SIMPLIFIED.

This is without doubt the most practical book ever written on the subjects of hypnotism and suggestion. Never before has a writer attempted to explain the phenomena, and never before have clear and definite

rules been given by which this power can be brought into action. It is just the book you need; it tells you HOW and WHY everything is done; it tells just how the different diseases should be treated by suggestion; it tells you how to influence others and how to protect yourself from the influence of your enemies, etc. It is a wonderful book from cover to cover. Cloth bound, 120 pages, thirteen half-tone engravings, showing how to hypnotise, price \$1.00.

# Magnetic Journal.

Published in the Interest of the Sick and Afflicted.

BY THE  
WELTMER SCHOOL OF HEALING.

PRINTED BY  
THE FOLEY RAILWAY PRINTING COMPANY,  
PARSONS, KANSAS.

NEVADA, MO., JAN., 1903.

## AN EXPLANATION.

Because of the unusually large volume of business this month, we are unable to get out our regular forty-page Journal; however, the regulation forty-page Journal will be issued within a short time.

## YESTERDAY, TODAY AND TOMORROW.

For the sake of comparison, we will consider three decades: The one preceeding this which is now just closed, we will call Yesterday; the first ten years of the opening century, Tomorrow; the present decade, Today.

Yesterday, electricians were hesitatingly predicting unlimited possibilities in electrical inventions and appliances; wireless telegraphy was even hinted at, all of which was frowned down by the self-appointed critics, who would not admit that anything that had not already been done, could be done.

Today, we can talk over telephones to almost every part of the American continent; tomorrow we can talk to our friends across the sea.

Yesterday, the optimistic, hardworking, ceaseless investigator, screwed up courage enough to say, we would send messages without wires.

Today, we are doing this. We find that messages are correctly transmitted from one point to another, without wires, on the same level.

Tomorrow, this obstruction will be overcome, and what is a matter of intelligence from a single operator to a single receiver will be information to the entire world.

Another peculiar feature is, that the men of today, who have brought about the great

est changes, were mere boys yesterday.

Tomorrow, in the prime of life, they will be able to enjoy their achievements.

Nineteen hundred years ago, a young man, unlike any character the world had ever known, or will ever know, made the broad and unlimited statement: "That to him that believeth, all things are possible." That the Creator who fashioned the world, who brought into existence all that now exists, or ever have or ever will exist, was his Father, your Father and mine. He taught also, that this Father, whom we call God, constituted law; he explained the terms by which this law was brought into action, by saying, that "If two of you shall agree upon earth as touching anything that they shall ask, it shall be done for them of My Father which is in Heaven;" stating this agreement as compliance with the law.

It was not until yesterday that men began to comprehend this truth and its application.

Today, millions are beginning to realize the stupendous Truth couched in this teaching.

Tomorrow, the world will fully realize the meaning of it all.

Yesterday, some of the most thorough investigators in the realm of psychology or mental science, timidly expressed a belief in thought transference, and its deeper sequel, mental telepathy.

Today, numberless minds have become partially cognizant of the truth of this doctrine, and realize that mental telepathy is a fact.

Tomorrow we will know each other as we are known to ourselves, and the time will ultimately be reached when all will know the Lord—(Law).

Yesterday is entirely swallowed up in the past; a few short hours of today are left. Are we prepared for the morrow?

When we think of the achievements of yesterday and today, which exceed all of the progress about which we know anything, and look back over the period of which we have any record, knowing that greater progress has been made in the last two decades than in all of recorded time prior to that, do we not almost stand aghast when we consider the wonderful possibilities of tomorrow?

## LAWS AGAINST MAGNETIC HEALING UNCONSTITUTIONAL.

Of all systems of healing in existence, Magnetic Healing as taught and practiced by Prof. Weltmer is the only method of treatment that is recognized as practical, scientific, legitimate and lawful by the Supreme Court of the United States whose opinion is national law.

All existing laws of any state, or opinions of lower courts abridging the healer to give of the patient to receive whatever treatment desired, is by the decision of the United States Supreme Court prima facie unconstitutional and invalid.

## TERMS OF TREATMENT.

It has always been the desire of Prof. Weltmer to place the price of treatment within the reach of both the rich and the poor. We exact no excessive fees in any case whatever; our terms are the same to all alike. In many instances, people have offered us a fee of \$500 or \$1,000 to guarantee a cure, and these offers are always refused. A Kansas man came to this city totally blind in both eyes, and offered Prof. Weltmer \$1,000 to restore his sight. His offer was flatly refused, he took three treatments at a dollar each and was cured, and is a well man today. Another man came to our office and offered to put \$50.00 in the bank to be paid over to us provided we cured him of chronic diarrhoea. The offer was refused, and the next day he returned and took one treatment on regular terms and was permanently cured, and remains so to this day.

For personal treatment in our infirmary, we charge \$5.00 per week (six treatments). Patients wishing treatment in their own rooms will be charged \$10.00 per week of six treatments. All charges for treatment are payable in advance. Tickets are issued when treatment is taken by the week.

Patients coming here from a distance and unable to care for themselves must be accompanied by an attendant or nurse, or employ one here.

## Doctors Stand Aghast.

The Medical Profession of The Entire World Stand Aghast  
With Wide Open Eyes in Wonderment at the Phenomenal Success of Prof. Weltmer in Curing so  
Many People Whose Afflictions Have Been Pronounced Absolutely Incurable by Medical Treatment.

Because of lack of space we are compelled to mention but briefly many of the remarkable cures for which we have received testimonials. Thousands of letters are received every month, speaking of the wonderful benefits the writers have received from our method of treatment, praising Prof. Weltmer, and thanking him for the wonderful health and happiness he has brought to them.

We give below the condensed statements of a few of these patients. We are sorry that we are unable to print these letters in full, but we find it impossible to do that in this special issue.

Miss Eva Vanderpool was lame and suffered terribly from hip joint disease. She went to Wichita, Kas., to a hospital, re-

ceived four weeks and went home with an iron brace from head to feet and could only move on crutches. She grew worse and could not get out of bed without help. She heard of Weltmer, went to Nevada and in three days took off the braces and in eight weeks went home able to walk.

Mr. L. D. Triplett, 1310 Main St., Akron, Ohio, was paralyzed from the waist down by an electric shock on a street car in 1894.

Was confined to his bed for six long years. Doctors told him they could do nothing and he was gradually wasting away. He fortunately heard of Prof. Weltmer, took Absent Treatment two months with splendid results, so much so that he got out of bed and used a wheel chair. He decided to come to Nevada and take personal treat-

ment. After taking personal treatment a few days the invalid's chair was laid aside and he walked about on crutches. One crutch was laid aside in a few days more and in eight days both were discarded. Mr. Triplett is now a well man, has learned the Weltmer treatment and is helping others who suffer.

Miss Mary S. Kirkham of Sweetwater, Ala., was afflicted with epileptic fits, indigestion and stomach troubles. Her doctors told her she could never recover. She took Prof. Weltmer's Absent treatment two months and was fully restored.

Mrs. Mary A. Milner, Grayville, Ills., suffered fifteen years with dyspepsia and nervous troubles. She was cured and now recommends the Weltmer treatment all.

Mrs. Matilda Baugman, Smithfield, Ills., was a terrible sufferer from constipation and stomach troubles. She had been thus afflicted for twenty years. She had to take something every day for her bowels and when she failed to do so was seized with cramps and had to call in a doctor to relieve her pains. She could eat but little and was starving to death. She commenced taking Absent treatment in March, 1900, and was immediately relieved. She has not suffered since with these troubles. She says her friends can hardly believe that she was cured in this way because it seems so impossible.

John Livingston, 2202 North Third street, Kansas City, Kas., was a great sufferer from rheumatism. He tried Prof. Weltmer's Absent treatment one month and was cured. He wants the good work to go on.

Mr. Geo. L. Shepherdso, Sandy Hill, N. Y. had catarrh in the head and lungs for several years. He tried all kinds of remedies, inhalers, belts, etc., until he had spent a large amount of money. No results followed. Then rheumatism set in, had lumbago, also noises in his head from which he was nearly deaf. Could not dress or undress himself for eleven months. He finally heard of Prof. Weltmer, took absent treatment three months and has not suffered since.

Mrs. Carrie L. Perkins, 2201 Locust street, Toledo, Ohio, was afflicted for a number of years with congestion of the ovaries and general female troubles and was confined to

MR. L. D. TRIPLETT.

The case of Mr. L. D. Triplett is one of the most remarkable ever cured by Prof. Weltmer's treatment. He was completely paralyzed from waist down by an electric shock on a street car in 1894. He tried doctors for over six years without results. A statement of cure given on page 9.

her bed three months. She tried Absent treatment one month and was permanently cured of these diseases.

Mr. L. W. Houghton, Oberlin, Ohio, was afflicted with chronic diarrhoea and catarrh for twenty years. He tried all kinds of remedies without relief. Was cured by Prof. Weltmer's Absent treatment.

Mrs. Amy Countryman of Clinton, Mich., suffered with neuralgia and stomach troubles for sixteen years. She tried every kind of medicine she could hear of. She was cured by taking two months Absent treatment.

Mr. F. T. Hockenberry, Chambersburg, Pa., suffered nine months with a bad case of rheumatism in foot and leg. Was cured by one month's Absent treatment.

Mr. D. P. Summers, Camp Hill, Ala., says: "Our little daughter five years old, was afflicted two years with what our home doctors said was nervous troubles. Our home doctors could do her no good. We tried a

Philadelphia firm, with no results. We heard of your wonderful cures and sent for Absent treatment. When you begun treating her she was having fifteen to twenty-five spasms a day. She would fall when a spasms came on her. She had not walked a step in eight months. In one day after beginning your treatment a great change came over her and in three weeks she could walk out in the yard and play. She was entirely cured at the end of three months. Words cannot express our thanks to you."

Mr. P. T. Neal, Fortville, Ind., suffered twelve years with rheumatism, bladder troubles and piles. Was completely restored by taking one month's treatment from Prof. Weltmer.

Mr. Eugene Vedel, Osage City, Kan., was a sufferer from lost vitality and kindred ailments. All methods of treatment failed to cure him till he took Absent treatment. Prof. Weltmer's Absent treatment cured him in three months.

Mrs. Claudia B. Money, wife of U. S. Senator Money of Carrolltown, Miss., came to Nevada a nervous wreck. Every effort of the best medical experts failed to relieve her. In eight weeks she left Nevada fully restored to health and a heart full of happiness.

Mr. W. B. Raymond, a prominent banker of Afton, Iowa, came to Nevada suffering with laryngitis, which was pronounced incurable by throat specialists in both Iowa and Colorado. A short stay at the Weltmer Institute permanently cured him.

Mr. C. I. Moore of Deming, New Mexico, after suffering several years with rheumatism and other troubles, was cured by the Weltmer treatment. His daughter also had rheumatism and heart troubles. She was so bad off that she could not lie down for two months. Doctors said they could do nothing for her. She came to the Weltmer Institute and in one month left well and happy.

Dr. J. W. Coffey, Calpella, Cal., was afflicted with rheumatism and had a tumor in the pit of his stomach as large as a goose egg. His friends advised him to have it cut out, but instead tried the Weltmer treatment and got rid of both rheumatism and tumor. The doctor is 66 years old.

Mrs. Susannah Rose, of Normalville, Pa., had a cancer on her breast fully three inches in size. She tried the Weltmer method of treatment and the cancer disappeared in two days and no sign of its return has yet been noticed. (This cure was made over two years ago.)

Mr. Perry Hatch, Grayling, Mich., had cancer of the eyelid and curvature of the spine and other diseases. Doctors failed to cure him. He fortunately heard of Prof. Weltmer's wonderful method of curing diseases without medicine and applied to him for Absent Treatment. After taking this treatment three months the cancer disappeared, also the spinal trouble and he is as straight as when a young man. He says: "May God in His mercy keep you safe from harm is my constant prayer."

Mrs. Indiana Godwin, Norfolk, Va., wife of T. W. Godwin, of the Virginia Iron Works Co., was afflicted for many years with head noises and deafness and was growing worse all the time. She could not hear anyone speak unless they spoke in a loud voice close to her ear. She consulted several specialists, was taken to the celebrated Clifton Springs Sanitarium of New York, where they are supposed to have the best medical skill in America. The examining doctor told her there was no hope for her at all and told her to go home and settle her mind down that nothing could be done for her. She heard of Prof. Weltmer's great work for suffering humanity, ordered Absent Treatment at once and in four days after beginning it could hear the clock tick on the mantle when lying in bed. She continued the treatment a short time and was fully cured.

Mr. Chas. J. Kell, a leading jeweller of Clinton, Mo., was suffering from glaucoma and had exhausted all of the regular means of getting relief. Eye specialists told him the chances were he would be totally blind.

He was making regular trips to Kansas City to see a doctor, but no results. He decided to try Prof. Weltmer's treatment as a last resort and went to Nevada. After taking seven treatments was cured. (This cure was made three years ago.)

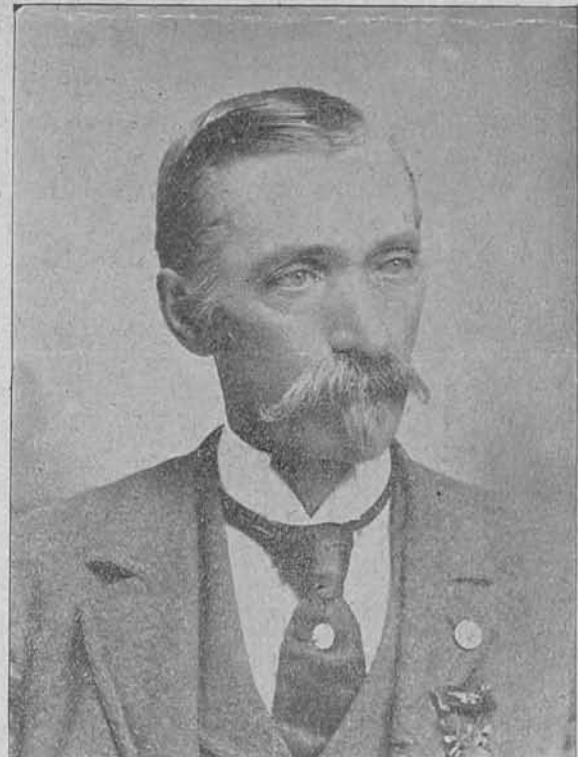

Mr. E. W. Drummond of Garland, Kan., was totally blind in both eyes. Four leading doctors told him there was no hope for a cure. He heard of Prof. Weltmer, the great healer of Nevada, and decided to consult him. Prof. Weltmer told him he could be cured. Dr. Drummond offered him \$1,000 to guarantee a cure. Prof. Weltmer refused this offer, telling Mr. Drummond he could be cured for a great deal less money. He took three treatments at \$1.00 each, went home and continued to take the treatment by the Absent Method and his sight was fully restored. He can see as well as ever. (This cure was made four years ago.)

Mr. John S. Small, Colfax, Ills., had been deaf in his left ear seven years. Could not hear a watch tick when placed against his ear. He tried some of the best doctors of Illinois and Missouri without any relief

ing and in three months was completely cured by the Absent Treatment method. Three years have elapsed with no return of the desire for strong drink.

#### KIDNEY AND BLADDER TROUBLE.

Laurens, Iowa, Nov 1, 1902.

Prof. S. A. Weltmer, Nevada, Mo.,

Dear Sir and Friend:

I feel it my duty to tell you of the benefit I received from one month's Absent Treat-

ment taken last April. I had been afflicted for fifteen years with kidney and bladder trouble, had been especially bad for a year before taking your Absent Treatment. The one month's treatment cured me. I consider myself entirely cured and have been cured for the past five months, and have no reason to believe it will not be permanent. Wishing you success, I am sincerely yours,

C. W. ADAMS.

P. S. I am sending you my photo under separate cover. C. W. A.

# THE WELTMER SCHOOL OF HEALING.

LARGEST SCHOOL OF THE KIND IN THE WORLD.

An Incorporated Institution, Organized for the Purpose of  
Teaching the Weltmer Method of Healing to Others.

Sixth Year of Successful Operation.

OUR GRADUATES ARE MEETING WITH WONDERFUL SUCCESS.

The Weltmer School of Healing was organized and incorporated for the purpose of teaching to others the Weltmer Method of Magnetic Healing. The growth of this school of healing has been little short of miraculous, as in three years it was grown from a comparatively small affair to the largest and most noted institution of its kind in the world. We number among our graduates people from every walk in life; the young man and young woman just entering upon the threshold of active life, who seeks the best paying profession; the medical doctor who wants a better and more progressive method of cure, and others who desire to learn the system of healing to be of benefit to themselves, their families or their friends. We have also graduated United States Senators and Congressmen, an honored United States Senator and his wife spent seven weeks at this institution during June and July of last year.

To understand the value of Magnetic Healing as a profession, it will require but a moment of your time to compare it with other professions. As you know, it costs not less than \$200 for board, tuition, etc., for a six month's business course in any first-class business college in the United States.

What have you after completing such a course? If you are fortunate, you may get a position that will pay you \$25 to \$40 per month, and after working steadily for two or three years you may get \$60 to \$75 per month, which is the high limit for a book-keeper, accountant or clerk.

To take a medical or law course it will cost you not less than \$1,000 to \$2,000 for the four year's course. What do you get after completing it? After starving to death two or three years, you may make your profession earn you \$900 to \$1,200 per year, half of which will be lost on bad accounts. Many of the best lawyers and doctors are satisfied if they earn \$1,200 per year net.

But few of the regular professions can be learned for less expense and time than the above, and the income will not be greater.

Now, let us figure on the profession of Magnetic Healing as taught by The Weltmer School of Healing. The "Weltmer Method" of Magnetic Healing can be learned through the Class Course of Instruction in three weeks, and the cost of tuition is \$50.00. The cost of board is \$3.50 to \$6.00 per week, and with other incidental expenses will bring the total for complete class course to about \$75.00. Parties coming from

a distance will only be out in addition to this whatever the railroad fare may be.

The results of learning this profession will be that you can heal every known disease; can heal diseases that cannot be healed by medicine or any other method, and you can earn from \$10 to \$50 per day. This is not idle talk; but is fully demonstrated by a large number of our students now in active practice. This method of healing is absolutely new all over the world; hence the field for operation is practically unlimited. Many of our students in active practice are averaging \$25 to \$100 daily. Some of them have earned what this profession cost them in less than a week or ten days in active practice. There is no profession known that pays so handsomely. Why? Simply because every student can perform the cures, and when you can do this it is an easy matter to get business.

There is no other profession in which you can do as much good to suffering humanity. A knowledge of this wonderful art will not only enable you to cure others, but makes you able to banish disease from your own body. You can make a financial success, and will be happy for the simple reason that you can make others happy and well. Remember that no medicine whatever is used in this method of treatment. Every person

born into the world has latent within him or her this power to heal, but if you are ignorant of how to use this power, it is of no real value to you.

Prof. Weltmer has devoted over twenty-five years to the study and perfection of this wonderful method of healing, and is able to impart this information to others in a course of class lectures in three weeks. While it cost him many years of tireless energy and investigation, also thousands of dollars besides, he has simplified this system so that he can impart it to others in a very short time. The class lectures are given every day (except Sunday) in our large lecture and demonstration hall, and it would therefore require the student to be here about three weeks. All who desire may remain longer than three weeks without any extra charge. We want all who take this course to know it well, and will be satisfied with nothing less. It is as much to our interest as it is to yours that you learn this science correctly as we want every student to be an honor to this school of healing.

Diplomas will be granted to those who complete the course of instruction.

Remember the Weltmer Method of Magnetic Healing is copyrighted by Prof. S. A. Weltmer, and all rights and privileges are reserved. Infringements will be vigorously prosecuted.

This method of healing is unlike any other and can be learned only from its originator. Unless one understands it thoroughly it will be of no use whatever.

#### SPECIAL NOTICE.

It was announced in the October Journal that the price of the Class Course would be advanced to \$100.00 on December 1st. On December 1st, at a special meeting of the directors of the Weltmer School of Healing, it was decided to continue giving the Class Course indefinitely at the \$50.00 rate. All persons who take the Mail course of instruction have the privilege of coming here and taking the Class Course upon the payment of the difference between the amount paid for the Mail Course and the price of the Class Course in effect at the time the Mail Course was ordered.

All Class Course students are allowed treatment free for three weeks if they desire it.

Prof. S. A. Weltmer—

Dear Sir—Having received your Mail Course in Magnetic Healing, you would no doubt be interested to learn how I am getting along. After giving it careful study,

can say that it is complete in every detail. I am succeeding far beyond my most sanguine expectations.

I cured a man here in one treatment after he had spent \$30.00 with doctors. Cured a case of paralysis the second treatment. The lady is prominent and wealthy. And have made many other most remarkable cures, so that I know my reputation is firmly established. I have over 350 cases in this county as proof of the above statement. I have an able assistant, my wife. I am making a financial success as well. My income is from \$10.00 to \$40.00 per day, and am now contemplating larger quarters and assistants, and feel assured that I can double my business in the near future.

Respectfully,

# THE MAIL COURSE.

**The Weltmer Method of Magnetic Healing Can Be Taught by Mail, and all of Our Mail Course Students Are Meeting with Great Success.**

**Price of Complete Mail Course Only \$25.00.**

On account of a very large demand from people living at a distance Prof. Weltmer has prepared a very complete mail course of instruction, and to those who cannot spare the expense and time of coming here, it is quite an advantage to take this course.

The Mail Course consists of fifteen lessons, typewritten and fully illustrated with handsome half-tone engravings showing how the Magnetic Treatments are given. This course covers all of the subjects taught by Prof. Weltmer in his classes in this city. On receipt of remittance covering the full course, same will be sent by mail or express, as you may direct. After the student has received the course, he is at liberty at any future time to ask any questions covering any points not fully understood, and these questions will be accurately answered by Prof. Weltmer personally. In addition to this, we stand ready and willing at any time to give you any information desired or to assist you in any way whatever. This leaves no possible room for a failure on the part of the student. While many come here to take the Class Course where time and money is not an important factor, we have never yet failed to give entire satisfaction in this Mail Course.

It has been our intention to place this course within the reach of both rich and poor, and for this reason the old rate of \$25.00 will be in force for a limited time only, we reserving the privilege of advancing the price to \$50.00 without further notice. If you wish to learn this greatest of all modern professions you should lose no time in making application for this course. By taking this course you save the expense of coming here.

Further information regarding either the class or the mail course will be cheerfully given. Remember, the "Weltmer Method"

of Magnetic Healing is unlike any other method, and can only be learned from its originator. The method is protected under the copyright laws of the United States.

We give free to each person who takes either the Mail or Class Course a copy of Prof. Weltmer's new text-book "Mystery Revealed," the regular price of which is \$5.

We issue to every graduate of our school a handsome lithographed Diploma, which sets forth that he has completed the full course of study prescribed, and is competent to treat diseases by the Weltmer Method of healing, and as such is entitled to recognition as a graduate magnetic healer.

## WELTMERISM ENDORSED BY THE BISHOP OF HAITI.

Prof. Weltmer Receives a Letter from the Venerable Head of the Protestant Episcopal Church of the Haitian Republic. The Bishop Also Sends Prof. Weltmer His Photograph.

Port au Prince, Haiti, Dec. 1st, 1902.

Prof. S. A. Weltmer, Nevada, Mo., U. S. A.  
My Dear Prof. Weltmer: I received Nov. 29th, your Mail Course and accompanying text book "Mystery Revealed" for which I had previously transmitted to you my order with draft to pay the charge of \$25.00 for same. Thanks for this prompt attention. I now enclose herewith a N. Y. draft for \$6.45 for some of your other books.

I have already made a hasty perusal of the lessons and have read more maturely halfway through the book subsidiary to the same. I have only to say that I am both

charmed and instructed by the transparent simplicity with which you explain the profoundly philosophical and accurately scientific system of Weltmerism.

I am preparing to study the same more thoroughly by the concentration of my best mental powers on the subject, which you have elucidated in such a masterly and hitherto unequalled manner.

In conclusion I wish to say that I heartily rejoice to see that Weltmerism has seized hold of the sublime maxims of the Divine Acts of our Blessed Lord, as set forth in the Gospel, which have been so long kept in the Sabbath Day atmosphere of a heaven to come, and utilized them to ameliorate the sufferings of the present work day world. I am also sending you my photograph.

Yours very faithfully,

JAMES THEODORE HOLLY, D. D., L. L. D.  
Bishop of the Church in Haiti.

## IS MAKING A FORTUNE.

Durango, Colo., Dec. 1, 1902.

Prof. S. A. Weltmer, Nevada, Mo.

My Dear Sir—

I received your Mail Course in Magnetic Healing several months ago, and I was more than pleased with it. I have been in the active practice of this profession for some time here in this city, my success being great from the start. I have made some remarkable cures, all on account of the thorough manner in which you instruct your students. My income averages from \$25 to \$50 per day, and is increasing right along.

Yours truly,

MRS. ELSIE D. DAVIS,
